S U M M A R Y

I am a dedicated and detail-oriented Web developer with expertise in Next.js, Java, WordPress, and Tailwind CSS. I have hands-on experience in authentication systems like Next-Auth and Better AUTH, Web 2.0 development, ORM strategies, and asset creation. Passionate about problem-solving, I focus on building efficient, scalable, and user-friendly applications. With a strong foundation in frontend and backend development, I thrive in collaborative environments, ensuring high-performance solutions. Additionally, my experience in WordPress development and digital asset management has strengthened my ability to create and optimize web platforms effectively. Always eager to learn and adapt, I stay updated with the latest technologies to deliver innovative and impactful solutions.

E X P E R I E N C E

**Jr. Software Engineer** 06/2024 - Present  
Birds Of Eden

At Birds of Eden, I contributed as a Next.js, focusing on frontend and backend development using JavaScript & TypeScript, Tailwind CSS, and Next Auth for authentication. I played a key role in building and optimizing web applications, enhancing user experiences, and ensuring secure authentication workflows. Additionally, I collaborated with the team to debug, optimize performance, and implement scalable solutions, maintaining high coding standards and efficiency.

**Senior Executive SEO Support** 03/2022 - 06/2024  
Aan-Nahl Software ↗

At Aan-Nahl Software, I was part of the ORM Team, focusing on WordPress development, Web 2.0 strategies, and asset creation. I contributed to building and managing dynamic WordPress websites, optimizing for performance and SEO. Additionally, I developed Web 2.0 properties, created digital assets, and enhanced online reputation through strategic content and design improvements.

E D U C A T I O N

**Computer Science and Engineering** 06/2018 - 01/2023  
Stamford University Bangladesh - Bachelor of Science  
CGPA: 3.20

I was actively participating in tech communities. As a member of the CSE Club, I contributed to workshops and events. I also competed in programming contests and hackathons, enhancing my problem-solving skills and collaborating on innovative projects.

## Higher Secondary Certificate (Science)

01/2015 - 09/2017

Govt. Ashek Mahmud Collage, Jamalpur

GPA: 3.33

I successfully completed my Higher Secondary Certificate (HSC) in the Science Group, excelling in Mathematics, Physics, and Computer Science. I actively participated in science fairs, coding competitions, and STEM-related projects.

## Secondary School Certificate (Science)

01/2010 - 06/2014

Advocate Khalilur Rahman High School

GPA: 5.00

I successfully completed my Secondary School Certificate (SSC) in the Science Group, excelling in Mathematics and Physics.

## COURSE

---

### [MERN Stack](#)

01/2025 - 07/2025

Programming Hero

I successfully completed Level 1 of the Programming Hero course, gaining a strong foundation in web development, JavaScript, and problem-solving. This course enhanced my skills in frontend and backend development, improving my ability to build dynamic applications. It also strengthened my logical thinking and coding efficiency through hands-on projects and challenges.

### [Mobile App Development](#)

07/2021 - 12/2021

Govt. tanning Program

I successfully completed a Government Training Program in Mobile App Development, specializing in Flutter. This program enhanced my skills in cross-platform app development
